

Enhance your Home Education

Foundations

Pre-K - 6th grade

Meeting once a week, our students study six subjects- history, science, geography, math, grammar and Latin while modeling the Classical method of education. Also enjoy art projects, science experiments and oral presentations each week in class.

Essentials

3rd - 6th grade

Meeting once a week, after Foundations, our students work on mastering the essentials of English grammar and writing, and increase speed and accuracy in arithmetic.

Challenge

7th - 12th grade

Meeting once a week, for an entire day, our students are with a trained tutor working to reinforce dialectic and rhetoric skills. Students study six academic strands: debate, rhetoric, exposition, research, grammar and logic all in which reflect directly back to God to make Him known.
